3-6-2011

Dear Sir, on behalf of the members of the Rochester Historical and Pioneer Society I would like to sincerely thank your company for the very warm welcome on Wednesday 1 June at the opening of your freeze drying machine that contained our flood damaged books and photos from the January 2011 floods. To see some of our one hundred year old books and photos that were totally inundated in the floods and we thought were lost forever come out of your machine in a condition similar to before they were flooded was astounding. We are so grateful to have our books and photos back as they are a part of history that can never be replaced. Our Society will be able to display our books and photos again thanks to your company's expertise in the field of disaster recovery.

Regards, John Foster assistant secretary
Rochester Historical and Pioneer Society.
